

Automate your energy savings with Lightstat's simple conservation solutions

Optimize overhead dollars by **controlling lighting, heating and cooling** with one convenient package

THE LIGHTSTAT INTEGRATED CONTROL SYSTEM

Easy to Use

Controls that maintain themselves. No training is required.

Easy to Install

The system can be installed by your average field technicians.

Easy to Conserve

Standard package includes:

- Lighting controls and customer software
- Customized thermostats with remote sensors
- Sensors and color-coded cables for automatic operation

Design allows for separation of HVAC and electrical responsibilities.

Keeps troubleshooting simple and quick.

The "Mallpack" is an economical way for smaller stores to control up to 90% of their energy.
